

## Facility Use Policy 603

### North Gibson School Corporation

#### STATEMENT

The Board of School Trustees for the North Gibson School Corporation recognize that the buildings and grounds of the North Gibson School Corporation are primarily for public purpose. However, school officials recognize the benefit of having a limited open forum with regard to the use of school buildings, grounds, and/or facilities in order to provide additional opportunities to the youth it serves and the community in general. As such, opportunities will be provided for use of school facilities during non-school hours by eligible organizations. In order to establish by whom, when, and how the facilities may be used, the following rules shall apply:

#### RULES AND GUIDELINES

1. All eligible organizations or entities desiring to use any North Gibson School Corporation facility must complete a facility use form, which is available for pick-up and completion at the North Gibson School Corporation Office of the Superintendent. The request must be submitted to the Office of the Superintendent **A MINIMUM OF 45 DAYS PRIOR TO THE DATE OF THE REQUESTED EVENT. ANY CANCELLATION MUST OCCUR AT LEAST 24 HOURS IN ADVANCE OF THE EVENT.**
  - a. The individual(s) signing the facility use form shall be in attendance (or another specifically named designee) on behalf of the organization throughout the stated hours and dates of usage and shall be responsible to school officials for the proper use of the facility
  - b. The entity authorized to use the facility shall provide:
    - i. ***Proof of liability insurance (Certificate of Liability) in the amount of \$1,000,000 combined single limit bodily injury/property damage, with North Gibson School Corporation named as an additional insured. The agreement holder agrees to save and hold harmless the North Gibson School Corporation and agrees to assume responsibility for all liabilities arising due to incident at school facilities***
2. North Gibson School Corporation Board of Trustees, the Superintendent, or his/her designee reserve the right to assign organizations to the most appropriate facility regardless of the request of the organization.
3. Buildings and facilities used by students are not available for community use when schools are in session or when they are engaged for school purpose or use. North Gibson School Corporation will always have priority use of all school buildings, facilities, and grounds.
4. All activities or programs must meet school standards for clean, wholesome content and shall be in strict accordance with the building rules of the North Gibson School Corporation. No activity or program shall violate the laws of the State of Indiana or of the United States.

7. All facilities use agreements are subject to cancellation with or without due notice for violation of the terms of the original agreement as determined by the Superintendent, designee, and/or Board of School Trustees.
8. The use of any North Gibson School Corporation facility will be strictly confined to areas designated or included in the agreement. The applicant and his/her organization will be responsible for the compliance of these rules by all persons participating in or pertaining to the activity/program. If misconduct or non-compliance to the rules is suspected, the representative of the school corporation on duty shall have immediate authority to stop the activity/program. Failure to comply with the rules and regulations will be sufficient reason to cancel future use of North Gibson School Corporation Facilities.
9. Entities may be subject to custodial fees in order to ensure adequate maintenance of the facilities. The determination of such fees will be made based on the type of organization (**SEE ASSESSMENT OF FEES DESCRIPTION**), facilities being used, time and date of the event, etc. Any event that occurs during hours in which a North Gibson custodial staff member is not present for normal work hours, will be subject to such a fee. This may be allowed upon approval of the Superintendent or his designee, however it is the responsibility of the non-profit organization and the individual employee to verify such an arrangement.
10. No furniture or equipment shall be used or moved without the express approval in the agreement or consent of the school principal or his/her designee.

When the cafeteria kitchen is being used, at least one cafeteria employee, selected by the cafeteria manager or food service director, is to be on duty. The size and nature of the event will determine the number of cafeteria employees required. The organization using the facility may be billed for the wages of said employees. Any OUTSIDE organization needing the use of kitchen facilities may request catering/food services

through the Food Service Director and will be responsible for any fees associated with such requests, including wages of employees.

16. The lessee must pay the rental, custodial, and other charges associated with the rental agreement. Rental payments for the specific facility request are due no later than the date of the event.
